

# PRECAST 101

## TRAINING & SHOWCASE

### BC MAINLAND

Join us for our biggest in-person educational event of the year on the BC Mainland! **The Langley Concrete Group** invites you to a **FREE full-day** training experience and plant tour - designed to enhance your knowledge of precast concrete products. This event features classroom-style training at two locations across the mainland, plus guided tours of our production facility in Chilliwack.

#### Here is what you can expect to learn:

- Design of rigid and flexible pipe
- Box culverts
- Installation best practices of pipe and box culverts
- Stormwater 101
- Precast concrete for sanitary applications
- Case Studies
- Understanding of manufacturing processes

At the end of the training, you will receive **6 PDHs**

## When:

- May 13 - Plant tour (2 tour times to choose - 2 hours long)
- May 14 - Burnaby Training (7:30am - 3:30pm)
- May 15 - Langley Training (7:30am - 3:30pm)

## Includes

Continental breakfast and lunch buffet style for the training, and morning refreshments for the plan tour
